                         Baseline

Problem
Currently, there are 5 Xterms in the temporary ECS training room in Bldg 32. M&O requires a 6th Xterm for use in training IV&V contractor personnel from 3 through 13 Feb '98.

Proposed Solution
ILS install g0tex13 (Test Env. Xterm, EIN 2120) into the M&O training room (i.e. ECS tech room) on 2 Feb and configure for use with the M&O training Xterm server (g0tes02) on the Test Environment (210) subnet of the V2 production LAN. ILS return this Xterm to the Test Environment to its original location and configuration on 17 Feb.

Note: This has been agreed to by Karen Kleis, Tom Suhrstedt, and Randy Haynes.
